3. APPLICATION

Brace yourselves!

IMPORTANT DATES & TIMES

You have till **May 17th** to come up with your business idea!

APPLICATION RULES

Who is eligible to participate? All kids, ages 6-14, can setup a booth at the business fair.

How can children run and own businesses? Is it legal? In Virginia, under *Code of Virginia* § 40.1-79.01, children of any age, are allowed to “work for a business owned entirely by their parents” as long as it is not in mining, manufacturing, or other hazardous occupations. Their “children-run business” can be considered under their parent's sole-proprietorship or a branch of their parent's business.

How do I apply? Can I apply as part of a group? Application must be submitted online after May 17th, 2024. Please submit one application for each business. Children working as a group should submit one application that includes each child’s information. No more than 3 participants per business.

What is on the application? The application asks kids to think through some simple, but important elements of their business: What product or service do you plan to sell? What price will you charge for each product/service? How much will each product/service cost you? How will you pay for your startup costs? If someone is helping you with your startup costs, how will you pay that person back? How will you advertise/market your business before the fair? At the end of the fair, how will you determine if your business was a success?

What is the application fee? We will collect a \$25 registration fee from all accepted businesses. This fee covers the facility rental and provides table space and chairs for each business booth.

SELECTION CRITERIA

Only complete applications, with all questions answered, will be considered. Incomplete applications will be **rejected**.

Evidence that the application and the business are the work of the child and not the adult — we don't expect polished applications!

Plans by the young entrepreneur to pay back any loans/financial assistance he/she may receive.

Children that participated at previous fairs will be prioritized.

We will employ first come first basis as much as possible, but also strive to maintain diversity in age, gender, and race at the fair.

Unique, well thought out product ideas will have a better chance of being selected. We will only accept 3-5 businesses selling the same product.

Only apply if you plan to follow through all the way! Spots are limited, and we typically have a long waitlist. Please be courteous and mindful that other children might not get a spot.

REGISTRATION

Once you apply, you will receive an email confirming that we received your application.

If you don't receive an email confirmation it means that we either didn't receive your application or that your email address was incorrect.

After your application is selected, you will receive an email asking to pay the registration fee via PayPal. We cannot accept any other form of payment.

Payment will be expected within 2 days of selection. We typically have a long waitlist, and will move forward with the next applicant if we do not hear back from you.
